Masters Program Admissions- Fall 2019

MBA, MBA evening and Executive MBA

The following candidates have qualified for admission into the MBA, MBA evening and Executive MBA programs based on their rank in merit and indicated program preference in their application to Ace Institute. The list is in order of merit and shows the final marks obtained (composite of PUCMAT, Past Academics and Interview) against the name of the applicants.

The applicants who could not be accommodated on the first list of the program of their first choice have been considered for the program of their alternate choice (as indicated in their application to Ace Institute) depending upon their merit score and availability of seats. Applicants are also requested to check the merit list of the program of their alternate choice to check whether they have made it in the first list of program of alternate choice.

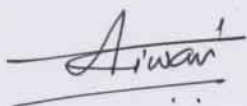

As per the notice of Pokhara University, students in first list are required to complete all admission formalities by 5 PM, Sunday, July 14, 2019. Applicants in first list are requested to contact the Admission Office at Ace Institute for further details of the admission process.

Students on the waiting list are requested to contact the college after 5 PM, Sunday, July 14, 2019 to find out availability of seats after expiry of first list deadline. They will be offered admission in order of merit in the waiting list if the candidates on the first list do not take admission.

A second waiting list, if required, shall be published on a later date.
